Activity Sheet

Date of
Accomplishment

A. Reading (20 pts)

Article 1

- a. What is the main point of the author? Answer in at least 2 sentences.
The main point of the author is about the visual abilities of normal dogs. Another point is how dogs see the world, to recognize that they perceive the world differently from the way we do.
- b. Do you agree with the author? Why? Why not? Explain.
Yes, I agree with the author. Humans and dogs have a different visual system. Their visual abilities are inferior in some aspects but the canine visual system surpasses the human visual system.

Article 2

- a. Pick one point from this article and briefly explain by citing personal experiences.
One point from the article is the study of the structure. I don't have experience in this field yet but the topic at this point is what I'm studying right now. It talks about the concrete structure, where trusses are related
- b. Is there any biased idea in the article? Explain why it is biased. Or elaborate why the author is fair.
The biased idea is the way of creating layout schemes using software systems when manual drafting doesn't require any technology. But I do think it is fair since we have advanced technologies.

B. Listening (10 pts)

Questions:

Documentary 1

1. What is the main idea of the documentary?

The video documentary was all about Elon Musk. The main idea is about his life. It tells about what he faced before being successful.

Documentary 2

2. What is an important issue tackled in this episode? Indicate the episode in your answer.

The rare visual condition called "Achromatopsia". A visual condition which is color blindness. It affects the ability of one person to perceive color.

C. Film Viewing (5 pts)

Short Review: I think this movie is one of the ^{most} unique films I have watched. Where you see a lot of genres of movies. At first, I thought the movie was just all about the life of a shoemaker, but as the film went on, I've noticed that there are bunch of subplots. It wasn't the best, but I enjoyed it and it was a good movie for me.

D. Speaking- Topic Discussed: (5 pts) The stages of speaking process

Reaction: I observed that when I read the given text to me, I managed to follow the instructions on how we would read it. Where there are specific words that when we read it, we should change the tone and the strength of our voices.
